

Skin Analysis Report

Generated: May 22, 2026 09:01 PM

Detected Skin Type: Normal

Confidence score: 76%

Analysis Summary:

Your skin appears balanced and healthy. A simple routine with hydration and sun protection will help maintain its current condition.

Recommended Products:

- Gentle daily cleanser
- Lightweight moisturizer
- Hydrating serum
- Broad-spectrum sunscreen

Suggested Skincare Routine:

- Cleanse your face gently morning and night.
- Use a hydrating serum followed by moisturizer.
- Apply sunscreen every morning, even on cloudy days.
- Maintain a consistent routine to keep skin balanced.

What to Avoid:

- Over-exfoliating or using too many active ingredients
- Skipping daily SPF protection
- Sleeping with makeup on
- Inconsistent skincare habits
